PRINCIPAL'S REPORT

The weekend was certainly filled with some interesting developments surrounding the Coronavirus pandemic. Closing schools at this stage is a possibility and I personally believe, inevitable. As such we have cancelled the Learning Conversations. We will continue to be guided by the appropriate authorities and work through the coming weeks. In the meantime please be aware of promoting positive hygiene and reassure children, who at this time may feel some apprehension.

In Sunday's Gospel, the Third Sunday of Lent, Jesus approached a Samaritan woman at Jacob's well and asked her for a drink of water. This surprised the woman for several reasons. In the first place, it was unlikely that a man would ask a woman for anything and even more unbelievable that Jesus, a Jew, would ask something of a Samaritan, a great enemy of the Jewish people. Jesus explained to her that our thirst would return if we drank water from the well; but if we drank the water Jesus offered us, we would never thirst again. After Jesus told her many things about herself, she came to believe that he was the Son of God and called others to him. Jesus offers us living water just as he did the woman at the well. It is the water of salvation so when we stumble, we know that Jesus refreshes us with forgiveness. This is helpful to remember on days when we are disappointed by our anger, impatience, and discouragement.

RESILIENCE, RIGHTS AND RESPECTFUL RELATIONSHIPS 2020

This year marks our 3rd year of teaching the Respectful Relationships curriculum, using the Resilience, Rights and respectful Relationships program.

2019 Feedback from teaching staff is that students are embracing this 'subject' and enjoying learning about themselves and others. 'RRRR has promoted great class conversations and helped developed a healthy vocabulary regarding emotions and conflict resolution.'

Please see more information below. If you have any questions regarding our Respectful Relationships education please do not hesitate to contact Bianca Schmidt (in the office Tuesdays and Thursdays).

What is RESPECTFUL RELATIONSHIPS education? - Sally Wilson, VCAA Specialist Teacher

Respectful Relationships Education

Respectful Relationships education focuses on building and promoting gender equity in relationships and challenging of gender stereotypes. Respectful Relationships education is about tackling family violence.

It is about embedding respectful relationships education in school settings as evidence shows us attitudes about gender roles and expectations and stereotypes is a key driver of family violence and through education, positive change can occur.

Royal Commission into Family Violence

The importance of teaching Respectful Relationships education was highlighted in the evidence and findings of the Royal Commission into Family Violence. Recommendation 189 stated that the Victorian Government mandate that Respectful Relationships education in Victorian schools. The Victorian Government accepted all recommendations of the Royal Commission.

Resilience, Rights and Respectful Relationships (RRRR)

TOPIC 7: GENDER AND IDENTITY

Learning activities within this topic assist students to challenge stereotypes and critique the influence of gender norms on attitudes and behaviour. They learn about key issues relating to human rights and gender identity, and focus on the importance of respect within relationships. The activities promote respect for diversity and difference

TOPIC 8: POSITIVE GENDER RELATIONS

Learning activities within this topic focus on building an understanding of the effects of gender-based violence and focus on the standards associated with respectful relationships. Students develop the skills needed to solve problems, set boundaries within relationships, and play an active role within the prevention of gender-based violence. They develop peer support and help-seeking skills that can be applied in response to situations involving gender-based violence in family, peer, community or on-line relationships.

ATTENDANCE MATTERS

2020 is the year for 95% attendance at Holy Rosary

This year you will notice a continued focus on student attendance at Holy Rosary. Student attendance is not only important for learning, it is essential to help create good habits for students in the future. High attendance in the primary years at school also helps to avoid potential school refusal and mental health issues during adolescent years.

Did you know that when your child is late to school or picked up early it contributes to their overall attendances?

DID YOU KNOW...

If a child was to miss 5 days per term...

This would equal 20 days (4 weeks) per year...

Which would amount 1.5 years over 13 years

Do you know what your child's attendance percentage is???? Check on your PAM account!

Please note, under a new Department of Education Policy, if we are unable to contact parents about your child's absence, we will contact emergency contacts.

Emergency contacts can be listed & updated via your child's medical profile on PAM, or by getting in contact with the school office.

You can also use your PAM account to notify the school of a student absence. Parents are urged to be accurate when listing the reason for student absences.

Explaining Absences

Report your child's absence before school commences

Provide a reason for your child's absence

Notify the school of any upcoming absence
