Mon 16 Pupil Free Day – Learning Conversations

DECEMBER

Wed 16 Last Day Term 4

Due to the current circumstances the dates shown in the calendar for this term are subject to change.

“HATS ON!” AT HOLY ROSARY FROM SEPTEMBER 1

At Holy Rosary, our SunSmart Policy notes that all children will be required to wear school broad brimmed hats from ‘Hats On Day’ - September 1 to ‘Hats Off Day’ - May 1, whenever they are outside including sports lessons. However, if the UV is 3 or above it is recommended hats be worn for protection. Children without hats will be required to remain under cover near the Grade 1 rooms. – ‘NO HAT, NO PLAY’ policy will be enforced.

PRINCIPAL’S REPORT

This week marks the end of the most remarkable Term 3 in my memory. Well done to everyone who has battled through the challenges presented. A huge thanks to parents and grandparents for supporting the remote learning programs and to the children who have done their best to complete work at home, we know it hasn't been easy. I'd also like to thank and acknowledge the work of our staff, for their work in communicating, planning and implementing the curriculum and especially for continuing to provide connection to our school. For those on site, a reminder that school concludes at 2.15pm as per our normal end of Term procedure.

Unfortunately 'Remote Learning' will continue in week 1 of Term 4. However our staff will be participating in Religious Education professional development on Monday 5th October so the children will only have remote learning opportunities for 4 days. Our survey will be released in the second week of the holidays, so look out for it if you require your children to be on site for supervision.

All children in grade Foundation to Grade 6 will be back to school and face to face teaching on Monday 12th October.

Term 4 will be filled with challenges, however we are very much looking forward to returning to some form of structure at school. Our teachers will be focussing heavily on the Literacy, Numeracy and Religious education curriculums as well as the social emotional learning that we have missed so much of this year. Again we await direction regarding reports and assessment, however we will be holding Learning conversations during Term 4 which were a great success this Term.

We look forward to resuming our Foundation 2021 interviews and meeting with parents and children ready to begin the primary school journey with us next year. We will be in contact with families who will need to book a new meeting time.

This week is also our final week with Mrs Taylor before she leaves on family leave. We wish Sophie and Cameron all the best for the arrival of their first child and this new chapter in their lives.

Finally, all the best to everyone for your fantastic support and we say thanks, we look forward to a more normal Term 4 - one that will be both COVIDSafe and educational.

Paul Wilkinson
Principal

STUDENT NEWS

HAPPY BIRTHDAY

Students who are celebrating their birthdays this week are: Toby Holland, Addison McNamara, Maeve Caine, Riley Fawcett, Lincoln Currie. Happy Birthday to you and we hope you have a wonderful day.

STUDENTS OF THE WEEK

Students of the Week	
FBG	Addison McNamara, Lucy Fisher, Isabella Holmes
FJO	Mila Murchie, Sam Gibbons
1BW	Shay Pearce, Lenny Polglase
1DC	Charlotte Gibson
2MC	Mitchell Cope, Liam Gladman
2LC	Willow Michielsen, Preston Anuso
3JT	Paige Kristiansen, Tom Kelleher
3ZD	Lily McKee, Duol Monygon
4AG	Connor Ridington, Bronte Ellerton
4BS	Erin Bradshaw, Harry Morrish
5JE	Jackson Hayes, Stephanie Ingram
5MG	Maeve Caine, Bridie Thompson
6ST	Rhylee Sloan, Keely Berryman
6TC	Olivia Kean, Cayley Cope

SCHOOL NEWS

CATHOLIC IDENTITY

ACCESS TO MASS AND TO CHURCHES

We are all encouraged to continue active participation in the life of the Church through activities such as time in personal and family prayer, reflecting on the Scriptures, making a spiritual communion, or participating in a Mass online.

There are many options for Mass online, including:

- <http://bit.ly/MassOnDemand>
- <https://melbournecatholic.org.au/Mass>
- www.wordonfire.org/daily-mass

The Bishop is also live-streaming Mass on Sunday mornings via the diocesan website: www.sandhurst.catholic.org.au

On free to air TV, *Mass for You at Home* is broadcast at 6.00am every Sunday, Channel 10

STUDENT RESEARCH

Sophie O'Connell 5MG, has taken information from her backyard and written an information report. Sophie discovered the caterpillars in her backyard, researched and studied the caterpillars and wrote the report below. Sophie was able to research and correctly identify the caterpillars from their characteristics. A marvellous example of remote learning, well done Sophie!

ANESTIA OMBROPHANES OR CLOUDED FOOTMAN

(FOR MORE INFORMATION CLICK THE LINK BELOW)

<http://lepidoptera.butterflyhouse.com.au/arct/ombrophanes.html>

INTRODUCTION

These caterpillars are known scientifically as the Anestia Ombrophanes and the Clouded Footman in simple terms. They grow to about 2 cm in length.

APPEARANCE

These caterpillars are black and have a pale yellow pattern on the back of each section, including two thin pale yellow lines running along the back. These caterpillars have a row of orange spots along each side and have long fine hairs which project to the front, rear and sideways.

DIET

These caterpillars feed on plants such as: Lichen (*Cup Lichen*),
Green Algae (*Bracteacoccus species*) and
Black Algae (*Gloeocapsa magma*).

COCOONS

These caterpillars form a pupa inside a cocoon made of silk and larval hairs. They attach their cocoons to a fence, tree or wall. The male and female pupae have different colour patterns. The pupae of both genders is white with scattered black markings. Furthermore the male has a row of orange spots along each side. The female pupa is also white with scattered black markings but in difference with the male, female has a row of pink spots along each side, and also a pink band.

ADULT

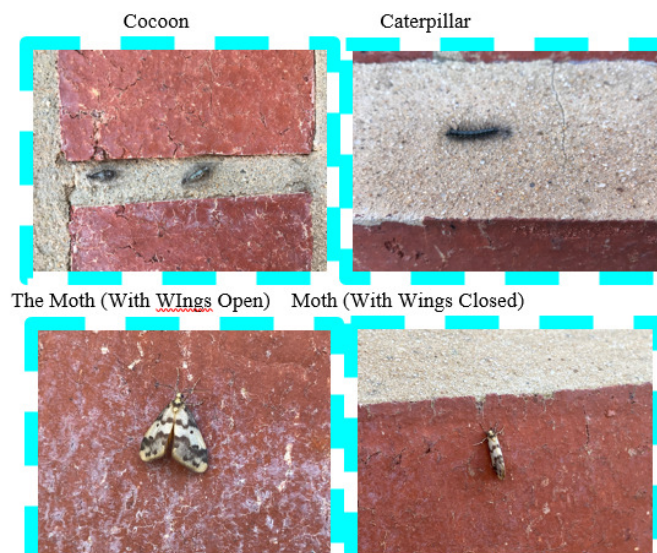

The adult male has black and white forewings and plain pale yellow hindwings. The male moths have a wingspan of about 2 cms. Underneath the male moth is yellow with black areas at the tips of each. The adult female has a length of about 1 cm. Females are wingless and flightless and they have a large grey body with pink spots. The female stays near her cocoon, and the male breeds with her there.

HABITAT

The species may be found over much of the southern half of Australia, including: Queensland, New South Wales, Victoria, South Australia and Western Australia.

EGGS

The eggs are smooth, white and oval. With a diameter of about 1/2 mm. They are laid typically by a female in an irregular cluster of 20 to 40, on the cocoon from which she emerged.

COMMUNITY NEWS

AFTER SCHOOL CARE

Bookings are now open for the YMCA Spring School Holiday Program. Please see the flyer below.

SCHOOL HOLIDAY PROGRAM SPRING 2020

WEEK ONE 21 SEPT - 25 SEPT	WEEK TWO 28 SEPT - 2 OCT
CREATE WITH PAPER Mon 21 Sept  <p>Get creative making and decorating your own paper mache sculpture and have fun with paper themed games and activities.</p>	CAMPING FUN Mon 28 Sept  <p>We bring the camping fun to us. Enjoy toasted marshmallows by the fire plus fun games and activities throughout the day.</p>
LEGO MASTERS Tue 22 Sept  <p>You've seen the show, now test yourself in our Lego Masters day. Use your Lego skills with your team to complete the Lego Challenges. Lots of brick building fun!</p>	CRAZY CARTOONS Tue 29 Sept  <p>Learn the art of cartoon drawing with our virtual class then make your own picture frame to display your art. Relax in the afternoon with one of your favourite cartoon movies.</p>
