AT HOLY ROSARY...

OUR IDENTITY

Holy Rosary School Promotes our Core Values and Achieves Excellence in Education within a Caring Faith Community.

PHILOSOPHY

Holy Rosary School promotes students' personal, academic and spiritual development so that they can be lifelong learners who connect with the world.

We believe that students should be at the centre of all learning and that learning and teaching best happens in collaborative learning environments.

We understand the importance of students and parents in the learning relationship and strive to develop input, relationship and knowledge.

We believe student learning is greatly affected by the quality of teaching that they experience. Teachers therefore must ensure that their teaching skills, knowledge and commitment are of the highest standard.

We believe that enabling student learning and progress is the role of teachers and support staff. Learning is enabled through a quality 21st century curriculum, effective pedagogy and assessment and reporting.

Holy Rosary is committed to the principles of a liberal democracy.

- We believe in an accountable, democratically elected government.
- We respect and observe the rule of law, and believe that no person is above the law.
- We believe in equal rights for all before the law, regardless of race, ethnicity, religion, sexuality, gender or other attributes.
- We believe not only in the freedom of religion, but also the need to practice tolerance and understanding of others' beliefs.
- We believe in the value of freedom of speech and freedom of association, but also acknowledge that we have the responsibility not to abuse this freedom.
- We believe in the values of openness and tolerance, and value and respect all members of the School community regardless of background.

WELCOME

FROM OUR PRINCIPAL

At Holy Rosary, we are committed to providing a challenging, rigorous education in an environment faithful to our Catholic tradition. As a Catholic School, the person and teachings of Jesus Christ are integral to the teaching and learning process and all elements of our school community.

Essential within the school community, is the partnership between school and family to provide an environment that is both supportive and challenging, nurturing the faith and learning that exists within each unique individual. There are many ways in which you can be involved in school life, your contributions in classrooms, through P&F and socially are worthwhile and provide positive example of your interest to the children.

As together we educate our children for the present and for the future, we must nurture a love of learning and a love of self to ensure our focus is and continues to be, our children. The privilege in educating young people is exciting, motivating and rewarding; an honour which is both inspirational and life giving.

We look forward to sharing this with you and the friendships, challenges and achievements it will bring.

Yours Faithfully

Vincent Ryan

SCHOOL PROGRAMS

RELIGIOUS EDUCATION

At Holy Rosary we promote and use Catholic values to develop the whole child in the Catholic tradition. Religious Education classes are taught daily, and the children are regularly involved in Liturgies.

The Sacrament of Reconciliation is offered in Grade 2, the Sacraments of Eucharist and Confirmation are offered in Grade 3.

ENGLISH

The study of English is about the appropriate and effective use of language in texts, as a means of learning and the development of knowledge about language. English thoroughly covers reading, writing, listening and speaking skills.

MATHEMATICS

Through our Mathematics program our children gain a knowledge and understanding of mathematical processes, with the ability to apply these effectively within and outside the classroom environment.

THE HUMANITIES

The Humanities provide a framework for students to examine the complex processes that have shaped the modern world and to investigate responses to different challenges including people's interconnections with the environment. The Humanities include:

- Civics and Citizenship
- History
- Geography
- Business & Economics

CAPABILITIES

Capabilities are a set of discrete knowledge and skills that can be taught explicitly through the learning areas, but are not fully defined by any of the learning areas or disciplines. The four capabilities are:

- Critical & Creative Thinking
- Intercultural
- Ethical
- Personal and Social

HEALTH & PHYSICAL EDUCATION

This program promotes physical activity and the development of movement competence. It examines the factors that affect people's participation and performance in physical activity and the importance of health. It aims to develop in students the understanding of the need for a balance between physical, social and emotional health.

SCIENCE

Holy Rosary provides opportunities for students to develop an understanding of important scientific concepts and processes, the practices used to develop scientific knowledge, the contribution of science to our culture and society, and its applications in our lives.

TECHNOLOGIES

Technologies provides a framework for students to learn how to use technologies to create innovative solutions that meet current and future needs. We encourage students to make decisions about development and use of technologies, considering the impacts of change and how technologies may contribute to the future.

LANGUAGES

Children learn Australian Sign Language (AUSLAN). This gives them the opportunity to use that language to communicate with others as well as studying how languages are structured and function.

THE ARTS

The Arts are a means of expression and communication common to all societies. Our goals are to provide experiences and opportunities for children to enjoy and engage in artistic expression.

At Holy Rosary we focus on two areas:

- *Performing Arts – music, drama and dance*
- *Visual Arts & Media Arts*

A voluntary school choir is formed for specific events and performs at school and community functions.

PARENTAL INVOLVEMENT & INFORMATION

SCHOOL ADVISORY COUNCIL

Formed of elected Parent and Staff representatives the Advisory Council is the school's main consultative and advisory group for the Principal. It is an active forum for parent and community participation, providing support and advice in strategic planning and school improvement. As outlined in the CES Limited Governance Charter Advisory Council members do not have decision making powers.

The School Advisory Council is intended to:

- *provide a voice for members of the school community*
- *actively support the Vision and Catholic Identity of the School*
- *provide input into and support for strategic planning and directions*
- *provide input and contribute advice in the processes of school improvement and school review*
- *support the Principal in meeting their responsibilities and accountabilities for educational outcomes, effective stewardship of resources, and annual reporting*
- *actively support the Principal in the encouragement of parent/guardian engagement*
- *support the ongoing sustainability of the Council and its members in its succession and learning*

The School Advisory Council may also assist in the organising of school fundraising and social activities such as the Marong Cup.

PARENT MEETINGS

All class teachers hold Parent/Teacher Learning Conversations each term. These provide two-way discussion between parents and teachers regarding the student, the year's program and allow parents and teachers to get to know each other.

Parent meetings occur during Sacrament preparation to explain the programs and to involve families at these important stages of faith development.

Parent meetings to discuss programs in other areas (e.g.: Maths Nights, Mother and Daughter evenings, Family Life Nights, Cyber Safety Nights etc.) are offered as needed and prior notice is given before these are held.

COMMUNITY CARE

At Holy Rosary, we value each family within our community.

A Community Care Program is in place so that we can support families in times of need. All families are invited to support this program through the donation of a Family-sized meal. A vital aspect of our concern for each other is that we act when aware of others' needs.

FoodShare Pantry: Holy Rosary gets deliveries of food each week from Bendigo FoodShare to help support our families and the wider community. This food is used to stock our FoodShare pantry with items for families to take home.

Our pantry is there to support everyone; whether you forgot to go to the supermarket or you know someone who could use the extra hand, please feel free to use the pantry.

CHILD SAFEGUARDING & VOLUNTEERING

Holy Rosary School demonstrates a whole school community approach to Child Safeguarding.

Holy Rosary Primary School will apply the most thorough and rigorous standards in the recruitment and screening of staff and volunteers. We interview and conduct referee checks on all staff and volunteers and require them to have a current Working with Children Check (WCC) or registration with the Victorian Institute of Teaching (VIT). Our commitment to Child Safeguarding and our screening requirements are included in all advertisements for staff and volunteer positions.

For more information in regards to Holy Rosary's commitment to Child Safeguarding, please go to our Website <https://www.hrwhitehills.catholic.edu.au>

REPORTING PROCESS

Holy Rosary's reporting process includes:

- Learning Conversations: 4 X 20-minute Learning Conversations that provide families with the opportunity to discuss student learning. These meetings allow for the co-creation and monitoring of individual learning goals.
- Learning Portfolios: Learning Portfolios include work samples completed throughout each term. Work samples are assessed using a specific assessment rubric and highlight particular Learning Area skills and Content Knowledge.
- Summative Report: This report provides a summary of your child's progress. These reports are provided twice a year at the end of semester and are used in conjunction with Holy Rosary's overall reporting process.
